

Vinyl Pressing For Discerning Listeners...Quality Control...Customer Service...Simply The Best Vinyl Pressing Experience

GGR180™ – 180 GRAM RECORD PRICING

GGR180™ 180 Gram Records are the best that audiophile vinyl can be. Average weight is 180 grams, more frequent stamper change-outs during pressing, and pressed on our unique black vinyl blend or Natural PVC.

GGR180 goes beyond being a 180 gram pressing – it is the standard that audiophile consumers should demand of all newly manufactured records.

HOW THIS PRICE CARD WORKS:

This document is arranged as three steps as you start at the top and work your way down:

STEP 1 consists of just the records (i.e., no printed packaging).

STEP 2 is where you add the costs of printed packaging, such as printed innersleeves, jackets, download codes, etc.

STEP 3 is where you add miscellaneous items, such as shrinkwrap, polybags, and other assembly add-ons.

(you can click on [red](#) text below for links to photos and more information)

DON'T KNOW WHERE TO START? NO PROBLEM! Give us a call at (800) 295-0171 or email sales@gottagrooverecords.com.

STEP 1: RECORDS

INCLUDED ITEMS:

- Lacquers (deduct \$400 if you are supplying lacquers)
- Plating (2 step included up to 499 records / 3 step included for 500+ records)
- Test pressings (5 test pressings are included by default. You can order extras for \$5 per copy)
- BLACK AND WHITE label printing on the record
- [GGR Rice Paper Innersleeves](#) (Black Polylined innersleeves = \$0.25ea extra)

GGR180™ is only pressed on black vinyl or Natural PVC. The custom formula black vinyl we use performs far better in the larger biscuit size required for 180 gram pressings than any currently available color vinyl. Natural is PVC without any colorant added whatsoever. However, you can place an order comprised of both 180 gram black and color standard weight LP's – please just contact us for a quote.

If you are doing a multi-disc set (such as a double LP, or triple LP), then you multiply the costs of STEP 1 by the number of albums in your set.

QUESTIONS? NO PROBLEM! Give us a call at (800) 295-0171 or email sales@gottagrooverecords.com.

STEP 2: PRINTED PACKAGING / INSERTS

PRINTED INNERSLEEVES

(This is the inner sleeve/bag that the record is inserted directly into. If you are not ordering printed innersleeves, plain white sleeves are included).

	100	200	300	500	1000	2000	3000	5000	10,000
B&W PRINT	\$ 325.00	\$ 325.00	\$ 325.00	\$ 325.00	\$ 495.00	\$ 695.00	\$ 945.00	\$ 1,695.00	\$2,245.00
FULL COLOR PRINT	\$ 525.00	\$ 525.00	\$ 525.00	\$ 525.00	\$ 695.00	\$ 895.00	\$ 1,405.00	\$ 1,995.00	\$3,535.00

Gloss 100# text paper is the default stock for printed innersleeves.

Matte finish is available for \$50 per 1,000 sleeves(minimum charge is \$50). Uncoated paper is available, but not recommended because it can scuff the vinyl.

Cardstock innersleeves – Please don't do this, because it scuffs the records. If you insist, please call us so we can discuss options.

NO HOLES are assumed for printed innersleeves. You can add diecut holes for \$150 per 1,000 sleeves (minimum charge is \$150).

PRINTED JACKETS

(The jacket is the OUTER sleeve, or commonly referred to as a cover.)

DIRECT TO BOARD JACKETS (most common format)

(Direct-to-board means that the print is done directly onto the cardstock. This is the most common type of jacket in the marketplace today).

STANDARD JACKET STOCK PRINTING CMYK

CUSTOM JACKET ADD ONS

- B&W print = subtract \$20 for quantities under 500 jackets / subtract \$100 for quantities of 500+ jackets.
- Standard finish for the pricing above is waterbase gloss.
- Matte upgrade = \$50 per 1,000 copies (minimum charge is \$50).
- UV gloss upgrade = \$50 per 1,000 copies (minimum charge is \$50).
- **SEQUENTIAL NUMBER foil stamping** = \$50 setup + \$0.40 per unit. (Area that can be stamped is within 1" of edge of jacket, and at least 2" away from spine). Gold or Silver foils are stock – other colors cost extra.

The following add-ons listed below require a minimum order qty of 500 jackets.

We can still run less than 500 records, but jacket minimum qty is 500.

- Standard stock for the pricing above is 20pt. Upgrade to 24pt for \$175 per 1,000 copies (minimum charge is \$175). NOT recommended for gatefolds.
- Uncoated print (also referred to as "reverse board") = add \$100.
- Print on brown chipboard = no extra charge. But, note that without a white underlayment, certain colors do not show up well on brown stock.
- Pantone spot colors = \$175 each (max of 2).
- **Spot gloss** (requires a matte undercoating to show up). Add \$550 (spot gloss) + \$50 (matte undercoating) per 1,000 copies (minimum charge is \$600). Pricing is valid only on standard single pocket and standard gatefold jackets – wide spine and triple gatefold jackets require a quote.
- **Embossing** – starts at around \$1,000. But, depends upon sizing, so please contact us for a quote.
- **Custom foil stamping** – starts at around \$1,200. But, depends upon sizing, so please contact us for a quote.
- **Custom die cutting** – starts at around \$1,400. But, depends upon sizing, so please contact us for a quote. Also, if you can make an existing die work with your artwork, it can cost less. Diecut holes on jackets (traditional circle on front/back) = \$150 per 1,000 (minimum charge is \$150).
- **Texturing** – starts at \$750. Please contact us for a quote.

GGR DELUXE TIP-ON JACKETS

(Tip-On jackets are a completely different type of construction than direct-to-board print. Tip-On print is done on a sheet of text paper, which is then wrapped and glued to a corrugated core).

GGR GATEFOLD TIP-ON JACKETS – THE ULTIMATE RECORD JACKET EVER PRODUCED

There is no tip-on or wrapped jacket in the marketplace comparable to the GGR tip-on Gatefold jacket. GGR has gone through much R&D to design and produce the ultimate tip-on jacket. We recognize that the price of this jacket is comparably higher, but you will not find a comparable product anywhere in the marketplace. When the absolute best aesthetic possible is desired, the GGR Tip-On Gatefold is the only choice.

Gatefold tip-ons are constructed of a unique hybrid chipboard core that is reminiscent of many Japanese jackets from the past, and wrapped with dual-laminated sheets. Spines are thicker than any other standard gatefold jacket in the marketplace, which helps your release to stand out when on a collection shelf. The design ensures that the jacket does not deteriorate or become less rigid over time, and also assists in making insertion/removal of the record easier. This is the ultimate jacket for record archiving, and provides the ultimate protection against warping. Gatefold jackets must be laminated – your choice of gloss or matte lamination is included in the price (and you can do a different form of lamination on the outside vs the inside of the jacket).

SINGLE POCKET TIP-ON JACKETS

GGR's single pocket Tip-On jackets are great for projects where a stepped-up level of luxury is desired, but where the budget may not cover the costs of a GGR Gatefold Tip-On. GGR single-pocket tip-on jackets are constructed of a full bound 24pt grayboard core, which is then wrapped with WB gloss coated text paper or uncoated offset paper. Lamination is **not** included on single-pocket tip-on jackets.
